Career Studies (SAGE Library in Business and Management)

These four volumes bring together the best and most significant work in the career studies literature canon to date. The articles in this major work have been masterfully selected by the set's esteemed editors for their exceptional impact and influence, as well as to demonstrate the range of disciplinary perspectives that have been used as different lenses to understand the concept of "career." The result is a highly comprehensive yet user-friendly collection, which includes material on both "vocational" and "organizational" career studies; a true touchstone text for any scholar interested in expanding their knowledge of this far-reaching field.
