The World of Goods (Collected Works) (Volume 6)

Professor Mary Douglas

The World of Goods (Collected Works) (Volume 6) Professor Mary Douglas

First published in 1979, this volume introduces a cultural factor to theories of consumption. *The World of Goods* goes beyond standard economic analyses, which rely on theories of individual psychology. Douglas studies how consumers use goods to fulfil their intentions in regard to one another. *The World of Goods* insists that goods are wanted for social purposes, for sharing and giving, more than for the private enjoyment that is the pivot of utilitarian explanations. This book offers a completely original way of thinking about consumption as a series of rituals.
