The Wheelwright's Shop George Sturt

George Sturt's frank and moving account of his trade as a wheelwright in the late nineteenth century offers a unique glimpse into the working lives of craftsmen in a world since banished by technology. The wheelwright's shop where he entered business had been operating for two centuries; this chronicle, first published in 1923, is a poignant record of that tradition, written as it was passing into history. E. P. Thompson's new foreword acclaims the significance of Sturt's engaging narrative as a vital document in the history of labour at the turn of the century.
