The Best of Learning & Leading with Technology: Selections from Volumes 31-35 Jennifer Roland
ISTE's flagship magazine, Learning & Leading with Technology is where the organization's members and industry experts share and discuss the latest and greatest in using technology to enhance education. This collection, assembled by former L&L senior editor Jennifer Roland, includes the very best articles from 2003-2008. Along with the articles as they originally appeared in the magazine, the book includes commentary and context introducing the articles as well as short essays from the original authors, who further discuss the issues and topics of their articles and how they've affected the ed tech world.

With a large selection of articles from each of the regular sections of ISTE's award-winning magazine, The Best of Learning & Leading with Technology is an excellent resource for new ISTE members or beginning ed tech users, and is a 'must-have' volume for longtime fans of the magazine. Along with provocative columns, insightful features, and practical tips, a full-color section showcases some of the best artwork and covers from the L&L design team.

Topics include:

Educational technology

-Learning & Leading (L&L)

-technology integration

The International Society for Technology in Education (ISTE) is the trusted source for professional development, knowledge generation, advocacy and leadership for innovation. ISTE is the premier membership association for educators and education leaders engaged in improving teaching and learning by advancing the effective use of technology in PK-12 and teacher education. Home of the National Educational Technology Standards (NETS), the Center for Applied Research in Educational Technology (CARET), and ISTE's annual conference (formerly known as the National Educational Computing Conference, or NECC), ISTE represents more than 100,000 professionals worldwide. We support our members with information, networking opportunities, and guidance as they face the challenge of transforming education.

Some of the areas in which we publish are:

-Web. 2.0 in the classroom-RSS, podcasts, and more

-National Educational Technology Standards (NETS)

-Professional development for educators and administrators

-Integrating technology into the classroom and curriculum

-Safe practices for the Internet and technology

-Educational technology for parents
