**Clock Cases: A Practical Guide to their Construction, Restoration and Conservation** Nigel Barnes, Karoliina Ilmonen

This practical, informative, and beautifully illustrated book will be essential reading for all those with a passion for mechanical clocks, and will be of particular interest to both amateurs and professionals alike who wish to work on clock cases and restore them in the correct way according to modern best practice. The authors, both experienced horological restorers, examine in detail the restoration processes and provide detailed descriptions, and a wealth of photographs and diagrams. Difficult, and often misunderstood, areas of restoration and conservation are explained in the context of 21st century thinking. The authors emphasize that sensitive and sympathetic clock case restoration is essential and, indeed, is the most economically attractive approach to adopt.
