Do You Still Have Cleavage with Just One Breast? Sue Lawrence Phd

On honeymoon and two months pregnant, Sue discovers a lump in her breast. This is her raw, unpolished diary as she navigates the diagnosis and treatment of cancer. Brutally honest, she faces the overwhelming terror of the road ahead - for herself and her unborn daughter.

Her candid diary entries reflect the impact the disease has on her marriage and impending motherhood. It ends with Tips for Cancer Warriors - signposts and guidelines for those following in her footsteps.

This remarkable and compelling memoir will empower others to feel whatever they need to feel as they battle this disease - it's their cancer.
