GESTATION follows Solomon Keys as he seeks to understand his place in the center of an unfolding global crisis. Why are the Phantoms so interested in him? Where will he go to find safety? He's caught in a game of life-or-death when an alien species arrives and the world teeters on the brink of total annihilation. In that hour, Sully's place becomes clear; capitulate to the new global authority and prosper, or lead the resistance.

Meanwhile, having been grafted into the service of an ancient civilization known as the Xenolites, Leonardo Khalpana has become the beacon of hope in a world headed toward ruin. Are his motivations pure? Do the Xenolites truly desire peace and prosperity for the human race? Leo scrambles to make his case by enlisting the world's elite to his cause. But can he accomplish all that must transpire before Solomon comes to understand his destiny?

Humanity stands on the doorstep of new birth... but are we entering a world of darkness or of light? Discover for yourself through the events of the GESTATION period...
