Ryosei & Satoko Suzuki has traveled around the world like a couple of birds. They are uploading a journal video every day during their travels. Ta Bird Books is a series of photo flip books on world's most scenic places, based on time lapse movies by them.

This fourth volume will take you to Panama Canal, the colossal man-made marvel and one of the top "Where to Go" attractions in the world. But, by flipping through this book the cruise between two mighty oceans will turn into a complete different experience. It will become cute, as if a miniature ship is sailing through the canal in a miniature environment.

There is a comic illustration on the other side of each page and you can enjoy a small story by flipping them on the opposite side.
