Passion as Big as a Planet looks at how eco-activism benefits from personal growth work-- moving away from blame and scapegoating and toward creative partnership. The author's 20+ years of activism and spiritual work form the basis of the book, which has been called, "Gracious, caring, clear, heartfelt, astute, optimistic, competent, confident, committed, deeply passionate, inspiring and personable..." by one of the early readers. This book is for people who long for both enlightenment and action, and for anyone who cares deeply about the planet and is ready to move past infighting to get on with the practical work of sustainability. It may not be the only missing link in modern activism, but it sure is one of them. Presented with humor, optimism and self-awareness.
