The Rag and Bone Shop

Jeff Rackham

The Rag and Bone Shop Jeff Rackham

At the height of his career Charles Dickens was the most beloved man in Victorian England. Constantly in the public eye, he was desperate to keep secret his affair with an eighteen year-old actress of the vaudeville stage, a secret successfully kept from the public for nearly 100 years. *The Rag and Bone Shop* is a novel of Charles Dickens's very real, but little known, excursion outside the bounds of Victorian morality; an engrossing tale that illuminates the warring demands of public propriety and private libertinism.

Jeff Rackham has served as a Fulbright Scholar in Portugal and Macedonia. In addition to publishing short fiction, he is the author of several scholarly collections and a standard college textbook on writing. This is his first novel.
