Green Chemistry Strategies for Drug Discovery

Green Chemistry Strategies for Drug Discovery

The incorporation of Green Chemistry is a relatively new phenomenon in the drug discovery discipline, since the scale that chemists operate on in drug discovery is smaller than those of process and manufacturing chemistry. The necessary metrics are more difficult to obtain in drug discovery due to the diversity of reactions conducted. However, pharmaceutical companies are realizing that incorporation of green chemistry techniques at earlier stages of drug development can speed the development of a drug candidate.

Written by experts who have pioneered green chemistry efforts within their own institutions, this book provides a practical guide for both academic and industrial labs wanting to know where to start with introducing greener approaches for greatest return on investment.

The Editors have taken a comprehensive approach to the topic, covering the entire drug discovery process from molecule conception, through synthesis, formulation and toxicology with specific examples and case studies where green chemistry strategies have been implemented. Emerging techniques for performing greener drug discovery chemistry are addressed as well as cutting-edge topics like biologics discovery and continuous processing. Moreover, important surrounding issues such as intellectual property are included.

This book serves as a practical guide for both academic and industrial chemists who work across the breadth of the drug discovery discipline. Ultimately, readers will learn how to incorporate green chemistry strategies into their everyday workflow without slowing down their science.

From reader reviews:

Serina Horne:

Do you have favorite book? If you have, what is your favorite's book? Reserve is very important thing for us to know everything in the world. Each book has different aim or perhaps goal; it means that publication has different type. Some people truly feel enjoy to spend their time to read a book. They are really reading whatever they have because their hobby will be reading a book. Why not the person who don't like reading a book? Sometime, particular person feel need book after they found difficult problem as well as exercise. Well, probably you will need this Green Chemistry Strategies for Drug Discovery.

Alejandro Koenig:

This Green Chemistry Strategies for Drug Discovery are usually reliable for you who want to certainly be a successful person, why. The reason of this Green Chemistry Strategies for Drug Discovery can be one of many great books you must have is giving you more than just simple looking at food but feed an individual with information that possibly will shock your preceding knowledge. This book is definitely handy, you can bring it just about everywhere and whenever your conditions in the e-book and printed types. Beside that this Green Chemistry Strategies for Drug Discovery giving you an enormous of experience such as rich vocabulary, giving you test of critical thinking that we understand it useful in your day action. So , let's have it and revel in reading.

Bertie Lewis:

Many people spending their time frame by playing outside along with friends, fun activity together with family or just watching TV the whole day. You can have new activity to shell out your whole day by reading a book. Ugh, think reading a book can really hard because you have to accept the book everywhere? It fine you can have the e-book, getting everywhere you want in your Mobile phone. Like Green Chemistry Strategies for Drug Discovery which is finding the e-book version. So , why not try out this book? Let's find.

Elizabeth Morris:

Some people said that they feel uninterested when they reading a publication. They are directly felt this when they get a half parts of the book. You can choose the particular book Green Chemistry Strategies for Drug Discovery to make your own reading is interesting. Your skill of reading skill is developing when you including reading. Try to choose basic book to make you enjoy to study it and mingle the idea about book and looking at especially. It is to be initial opinion for you to like to start a book and study it. Beside that the reserve Green Chemistry Strategies for Drug Discovery can to be your brand new friend when you're experience alone and confuse with the information must you're doing of this time.
