Lost America: The Abandoned Roadside West Troy Paiva

A stunningly photographed examination of the roadside icons that dot America's landscape. Lost America celebrates the boom-to-bust towns, aircraft bone yards, and filling stations of days past that were sacrificed at the altars of speed and technology and relegated to windswept desert plains and abandoned fields. The eye-catching and memorable photography is complemented with a succinct text history that details the rise and fall of each subject. The result is an impressive tour of an America still standing, yet largely forgotten.
