Handbook of Perception and Human Performance: Vol. II Cognitive Processes and Performance (Handbook of Perception & Human Performance) (Volume 2)

Written by well-known specialists, here is a comprehensive handbook on human perception and performance. Volume one covers theory and methods; basic visual processes; auditory, kinesthetic, cutaneous, and vestibular senses; and space and motion perception. This volume treats information processing, perceptual organization and cognition, and human performance. Organized to facilitate reference usefulness, these volumes provide substantial cross-referencing and extensive use of illustrations. In addition, a substantial amount of tutorial material is provided, with several hundred pages devoted to the elucidation of the conceptual and methodological underpinnings of the more substantive chapters. Figure legends are extremely detailed to enhance their reference usefulness without having to search accompanying text for relevant coverage.
