Hello Kitty. It's the symbol of many people's childhood--a character that still decorates the homes of many adults. There's more to the cat than just a little toy--there's an empire built around it--dolls, video games, a theme park, and even an airplane all grace the image of this notorious cat. In this biography, you'll read all about the highs, lows and all the in-betweens of the most famous cat in the world. Readers beware: this book is not intended for younger readers; it talks about Hello Kitty's entire history, and that includes references to a murder and toys not suitable for children.
