Gary L. Chefetz, Dale A. Howard

Collaborating on Enterprise Projects Using Microsoft Project Server 2010 Gary L. Chefetz, Dale A. Howard

This book is for team members and managers who use Microsoft Project Server 2010 to collaborate on projects by entering progress on tasks, contributing to Project sites, and accessing views and data in the system. If you don't expect your team members and executives to crawl through large books to find the golden nuggets they need to use the software effectively, give them this book instead because it focuses on this audience in a concise and compact presentation. After four generations of Project Server, this remains the only book specifically tailored for this group.
