Thinking geographically means more than knowing where things are; it means being able to interpret geographic information, and to make sense of our world. Using maps and engaging map-centered questions, the "World Atlas Student Workbook" featuring maps from the Rand McNally Goode's "World Atlas, 21st Edition" provides an interactive guide to the physical, human, and political features of the world, as well as the specific features of each of the Earth's continents. With this workbook, readers will be able to construct their own mental map of the world, and to see the world from a truly geographic perspective.
