14 Amazing Astronomy Questions and Answers John Vallandigham

Find the Answers!

Everyone knows that there are 24 hours in a day. But do you know why there are that many?

Everyone knows that there are 360 degrees in a circle. But is there a reason for that?

Everyone knows when the major holidays – Christmas, Easter, Halloween, and Thanksgiving – are. But do you know why they are celebrated when they are?

Everyone knows that Sunday is the day of the Sun, and Monday the day of the Moon. But do you know what the other days are named for?

To answer all of these questions, as well as many others, you will have to turn to the science of astronomy. Humans have been watching the stars for many centuries, and the regular movements of the heavens have guided us in setting up our modern civilization.

Many of the things that we take for granted originate in the science of astronomy.

This kindle will answer 14 questions about astronomy. Some of the questions are asked every day, whereas others are ones that you may have never thought to ask.

Astronomy affects you on a daily basis and you might not even realize it.

Read this kindle, and you will learn many interesting and revealing facts about our world and the heavens above us.
