La Ciencia Hierática de los Mayas (Spanish Edition)

Mario Roso de luna

La Ciencia Hierática de los Mayas (Spanish Edition) Mario Roso de luna

Original informe sobre las evidencias del avance científico y espiritual de una cultura centroamericana que con el tiempo ha deslumbrado a los investigadores, presentando sucesivos enigmas a resolver. El muy desarrollado conocimiento en el arte de la arquitectura sagrada y del orden sideral, permanentemente puesto de manifiesto por descubrimientos que pasman la mente del estudioso, es expuesto por el sabio español, de una manera preclara, en su estilo recargado y pintoresco, propio del refinamiento cultural de los librepensadores hispanos de finales del Siglo XIX,. Mario Roso de Luna explica y establece correlaciones entre la cultura maya y la egipcia, así como la filiación simbólica entre la hierografía y la semiótica religiosa centroamericana con la de otras culturas planetarias, sólo en apariencia separadas por las distancias geográficas. La enorme teoría de una base conceptual común a toda la Humanidad en todos los campos del saber, de Oriente a Occidente y de Norte a Sur, campea en estas páginas inspiradas y constituye el gran esfuerzo que el místico y erudito comentarista emprendió, a lo largo de su prodigiosa vida de estudio y diseminación de las más nobles verdades sobre la ínclita unidad espiritual de la Humanidad.
