Dr. Thorndyke Mysteries Collection, Volume One R. Austin Freeman

NOTE: This edition has a linked "Table of Contents" and has been beautifully formatted (searchable and interlinked) to work on your Amazon e-book reader, iPad e-book reader, iPhone e-book reader, BlackBerry e-book reader, Android e-book reader, iPod e-book reader and your Amazon Desktop Reader.

The ongoing adventures of detective John Evelyn Thorndyke, M.D.

Originally a medical doctor, Dr. Thorndyke turned to the bar and became one of the first forensic scientists--referred to as a 'medical jurispractitioner.'

Dr. Thorndyke's solutions were based on the method of collecting all possible data and making inferences from them before looking at any of the protagonists and motives in the crimes.

He is usually assisted by his friend, Christopher Jervis and the resourceful Nathaniel Polton, his crinkly-faced lab technician.

In this volume:

Book One: The Red Thumb Mark

Diamonds are missing and incredibly, the safe has been left untouched, all except for two blood smeared thumb prints and the inevitable presence of a mysterious Mr X. Will Dr Thorndyke, the erudite master of insight, solve the enigma of the red thumb mark?

Book Two: John Thorndyke's Cases

A collection of detective stories. From robbery and murder to mayhem, Dr. Thorndyke is called on to solve the mysteries...

Book Three: The Eye of Osiris

First published in 1911, The Eye of Osiris adds the charm of Old London to this fine detective story by R. Austin Freeman.

Book Four: The Mystery of 31 New Inn

When a Doctor is called to the bedside of a mysterious sick man by the name of Graves, a strange and sinister plot involving poisoning is uncovered. But who is this Graves; a man well travelled who seems to have such a fear of doctors? And who is the villainous Mr Weiss into whose care Graves has been assigned? Dr. Thorndyke is summoned to help solve the mystery...

These are well-written, thrilling mysteries. A must-have for classic mystery fiction fans!
