An epidemic number of people in the United States wake up in the morning feeling tired, sore, and achy. Upon physical examination, tender points are found all over the body. Women may be given the concurrent diagnoses of migraine headaches and endometriosis. They are told to exercise and take antidepressant medication. Nothing can be done to cure the problem. Until now... Learn why over 90% of fibromyalgia sufferers respond well to Prolotherapy. People with fibromyalgia often suffer from fungus infections that have a tremendously detrimental effect on soft tissue formation, including the ligaments and tendons. Treatment of this fungus, in conjunction with Prolotherapy, has given hope to many suffering from the often-debilitating fibromyalgia.
