Heart Matters: A Memoir of a Female Heart Surgeon Kathy Magliato M.D.
THE STORY THAT INSPIRED HEARTBEAT, NOW ON NBC.

An inspiring, surprising, sometimes shocking, and ultimately deeply informative memoir of the high-stakes, high-pressured life of a female heart surgeon.

Dr. Kathy Magliato is one of the few female heart surgeons practicing in the world today. She is also a member of an even more exclusive group—those surgeons specially trained to perform heart transplants. *Heart Matters* is the story of the making of a surgeon who is also a wife and mother. In this powerful and moving memoir, Dr. Magliato takes us into her highly demanding, physically intense, male-dominated world and shows us how she masterfully works to save patients' lives every day, while also maintaining balance at home. *Heart Matters* is also a wake-up call to all women about their number one killer - heart disease - and explains how to avoid becoming a victim.

Magliato offers a vivid behind-the-scenes view of what really goes on in an operating room and the real-life drama that occurs there. She shows the passion and commitment between patient and doctor, revealing that, at the end of a long day, it's our hearts that matter most.
