Stretch Marks: A Novel

Kimberly Stuart

Stretch Marks: A Novel Kimberly Stuart

An earth-conscious, yoga-practicing twenty-something is forced to face her estranged relationship with her mother in this comic yet poignant novel about moms and daughters.

Mia Rathbun is an overworked and underpaid Chicago social worker who belongs to PETA and recycles the tops of pizza boxes. Her boyfriend, Lars, is a free-spirited freelance writer (read: mooch) who disdains the conventions of marriage but is happy to build a life with Mia. That is until Mia becomes pregnant.

Left on her own, Mia just begins to accustom herself to the looming prospect of single parenthood when her mother, Babs, shows up to “help.” The two have an estranged relationship but are forced to acknowledge their connection as Mia’s belly grows and she has few other options. The story is told with Stuart’s characteristic irreverent and authentic humor with healthy doses of poignancy and grace.

From reader reviews:

Marcy Ontiveros:

In other case, little persons like to read book Stretch Marks: A Novel. You can choose the best book if you appreciate reading a book. As long as we know about how is important a new book Stretch Marks: A Novel. You can add knowledge and of course you can around the world by the book. Absolutely right, simply because from book you can learn everything! From your country until foreign or abroad you may be known. About simple thing until wonderful thing you can know that. In this era, we are able to open a book or maybe searching by internet device. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's examine.

Heather Roberts:

Information is provisions for those to get better life, information today can get by anyone from everywhere. The information can be a understanding or any news even restricted. What people must be consider when those information which is inside former life are challenging to be find than now could be taking seriously which one is suitable to believe or which one often the resource are convinced. If you get the unstable resource then you get it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take Stretch Marks: A Novel as your daily resource information.

Patricia Howland:

This Stretch Marks: A Novel is brand new way for you who has intense curiosity to look for some information mainly because it relief your hunger of information. Getting deeper you into it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this Stretch Marks: A Novel can be the light food to suit your needs because the information inside this book is easy to get by simply anyone. These books produce itself in the form that is certainly reachable by anyone, yep I mean in the e-book application form. People who think that in guide form make them feel tired even dizzy this e-book is the answer. So there isn't any in reading a book especially this one. You can find what you are looking for. It should be here for a person. So , don't miss the item! Just read this e-book type for your better life in addition to knowledge.

Holly Walker:

What is your hobby? Have you heard which question when you got scholars? We believe that that query was given by teacher on their students. Many kinds of hobby, All people has different hobby. And you also know that little person similar to reading or as studying become their hobby. You need to know that reading is very important and book as to be the issue. Book is important thing to include you knowledge, except your own personal teacher or lecturer. You will find good news or update in relation to something by book. A substantial number of sorts of books that can you go onto be your object. One of them is this Stretch Marks: A Novel.
