Focusing

Eugene T. Gendlin

Focusing Eugene T. Gendlin

The classic guide to a powerful technique for personal transformation

Based on groundbreaking research conducted at the University of Chicago, the focusing technique has gained widespread popularity and scholarly acclaim. It consists of six easy-to-master steps that identify and change the way thoughts and emotions are held within the body. Focusing can be done virtually anywhere, at any time, and an entire “session” can take no longer than ten minutes, but its effects can be felt immediately—in the relief of bodily tension and psychological stress, as well as in dramatic shifts in understanding and insight.

In this highly accessible guide, Dr. Eugene Gendlin, the award-winning psychologist who developed the focusing technique, explains the basic principles behind focusing and offers simple step-by-step instructions on how to utilize this powerful tool for tapping into greater self-awareness and inner wisdom. As you learn to develop your natural ability to “focus,” you’ll find yourself more in sync with both mind and body, filled with greater self-assurance, and better equipped to make the positive changes necessary to improve and enhance every aspect of your life.

From reader reviews:

Christi Shoup:

Book is to be different per grade. Book for children right up until adult are different content. As we know that book is very important normally. The book Focusing ended up being making you to know about other information and of course you can take more information. It is quite advantages for you. The publication Focusing is not only giving you more new information but also to become your friend when you sense bored. You can spend your spend time to read your publication. Try to make relationship together with the book Focusing. You never sense lose out for everything if you read some books.

Frances Pierce:

Nowadays reading books be a little more than want or need but also turn into a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The information you get based on what kind of publication you read, if you want drive more knowledge just go with education and learning books but if you want experience happy read one having theme for entertaining for example comic or novel. Often the Focusing is kind of publication which is giving the reader capricious experience.

Christine Cote:

People live in this new moment of lifestyle always make an effort to and must have the extra time or they will get lots of stress from both day to day life and work. So , whenever we ask do people have spare time, we will say absolutely sure. People is human not a robot. Then we request again, what kind of activity do you possess when the spare time coming to anyone of course your answer will probably unlimited right. Then ever try this one, reading guides. It can be your alternative in spending your spare time, the book you have read is definitely Focusing.

Beatrice Blakely:

Is it a person who having spare time in that case spend it whole day by simply watching television programs or just lying on the bed? Do you need something new? This Focusing can be the solution, oh how comes? A fresh book you know. You are thus out of date, spending your extra time by reading in this completely new era is common not a geek activity. So what these guides have than the others?
