General Chemistry Darrell Ebbing and Steven D. Gammon

General Chemistry by Darrell Ebbing and Steven D. Gammon, Tenth Edition. Why buy new for over \$100? It is the 10th Edition but has Grantham University on the cover because I purchased it through Grantham. The content should be the same as other 10th Edition prints, some of which may have a different university where they were purchased. It has light use, but appears practically new. There is no writing in the text book. ISBN 13: 9781285894140 ISBN 10: 1285894146
