*The Debate between Sartre and Merleau-Ponty* provides a balanced portrait of the intellectual relationship between these two men. Essays by leading scholars as well as selections from the primary texts of Merleau-Ponty, Sartre, and Simone de Beauvoir address the numerous points of contact and cover the major themes of the debate from the different periods in their shared history. A biographical overview introduces the work and provides a context for the theoretical issues taken up in the articles, and an extensive bibliography suggests further readings to supplement the selections included in the volume.
