FROM THE STREETS TO THE SHEETS Tony Jackson

Young Jimmy Johnson was just minding his business one day when he suddenly stumbled upon a package. His eyes lit up when he recognized what was inside. Since that fateful day, Jimmy and his best friend P-Nut started making a living selling dangerous substances off the streets. They started out small, but then their clientele grew, and they started earning more and more. They found out it was easy making money off selling, so that's just what they did. With the money came the ego, and pretty soon, Jimmy started living a very promiscuous and dangerous lifestyle, getting together with all kinds of girls and not sticking with just one. He played with these girls' feelings, making them believe they were the only one when he really was running around with others. Life seemed perfect for Jimmy when one day, the street game caught up with him, and he found himself in jail. To top everything off, his lies were finally found out by the one woman that he truly loved, and she decides to leave him.
