Ontology after Carnap

Ontology after Carnap

Analytic philosophy is once again in a methodological frame of mind. Nowhere is this more evident than in metaphysics, whose practitioners and historians are actively reflecting on the nature of ontological questions, the status of their answers, and the relevance of contributions both from other areas within philosophy (e.g., philosophical logic, semantics) and beyond (notably, the natural sciences). Such reflections are hardly new: the debate between Willard van Orman Quine and Rudolf Carnap about how to understand and resolve ontological questions is widely seen as a turning point in twentieth-century analytic philosophy. And indeed, this volume is occasioned by the fact that the deflationary approach to metaphysics advocated by Carnap in that debate is once again attracting considerable interest and support.

Containing eleven original essays by many of today's leading voices in metametaphysics, *Ontology After Carnap* aims both to deepen our understanding of Carnap's contributions to metaontology and to explore how this legacy might be mined for insights into the contemporary debate. This collection will be of interest to scholars and students working in metaphysics, semantics, philosophical logic, metaphilosophy, and the history of analytic philosophy.

From reader reviews:

Ruth Haakenson:

Inside other case, little individuals like to read book Ontology after Carnap. You can choose the best book if you'd prefer reading a book. Providing we know about how is important any book Ontology after Carnap. You can add information and of course you can around the world by way of a book. Absolutely right, since from book you can know everything! From your country until foreign or abroad you will be known. About simple matter until wonderful thing you may know that. In this era, we are able to open a book or even searching by internet gadget. It is called e-book. You may use it when you feel weary to go to the library. Let's read.

Mark Dunn:

Reading a guide tends to be new life style in this particular era globalization. With studying you can get a lot of information that will give you benefit in your life. Using book everyone in this world could share their idea. Books can also inspire a lot of people. Lots of author can inspire their own reader with their story or perhaps their experience. Not only the storyplot that share in the guides. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors on earth always try to improve their expertise in writing, they also doing some investigation before they write for their book. One of them is this Ontology after Carnap.

Tammi Rosado:

Reading a book to be new life style in this year; every people loves to learn a book. When you learn a book you can get a large amount of benefit. When you read guides, you can improve your knowledge, simply because book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your review, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, such us novel, comics, along with soon. The Ontology after Carnap provide you with new experience in studying a book.

Edward Johnson:

Do you like reading a e-book? Confuse to looking for your selected book? Or your book has been rare? Why so many question for the book? But just about any people feel that they enjoy for reading. Some people likes reading through, not only science book but in addition novel and Ontology after Carnap or even others sources were given information for you. After you know how the great a book, you feel need to read more and more. Science e-book was created for teacher as well as students especially. Those guides are helping them to put their knowledge. In some other case, beside science guide, any other book likes Ontology after Carnap to make your spare time far more colorful. Many types of book like this one.
