The Transgender Handbook B.A., Michelle Spicer

This book is the result of countless hours of research and life experience in the transgender community. The articles are designed to help, inform and stimulate conversations on the subject of transgender people. Often marginalized and misunderstood, transgender people struggle on a daily basis with discrimination and harassment from the general population. It is my firm hope that this book helps give you some of the tools to deal with some of the aspects of transitioning and being a transgender person.
