Johnny Depp has played many roles, on screen and off, over the course of his life musician, teen idol, Hollywood bad boy, night club owner, eccentric actor, devoted family man. But the role he ll be most remembered for is the most unlikely action adventure movie star . . . with a twist. As the foppish Captain Jack Sparrow, Depp is the force behind one of the most successful film franchises in history. Depp grew up wanting to be a musician. When his band broke up, he went on an acting audition because it sounded like more fun than taking a telemarketing job selling pens. His striking looks got him parts, but Depp quickly proved he was much more than just another handsome face. Thoughtful and unpretentious, Depp has created one memorable film character after another. Although he never set out to be a star and remains uncomfortable with the label he has become one of Hollywood s most respected and fascinating talents.
