If you know anyone who has recently turned 40, or who is about to, then you probably realize that it can be a depressing milestone. If that person has been in a relationship for a while it can often have a negative impact. By this point most couples find that any sort of erotic romance that they had has often been long forgotten.

This lack of erotica taboo, along with the idea of "getting" old can often be very detrimental to a couple's relationship. In this short erotic story Annie's husband Geoff decides to do what he can to keep his 40 year old wife happy and alive sexually by doing something that they've never done before. Curious? The real question is: Was this a gift for Geoff, or his wife Annie? Read on to find out.

Here is a brief excerpt from this short story:

"You like that, I'm guessing," she said with a tiny grin. She continued to do it until I was squirming around on the bed, whimpering softly. She took my hands, pulling me up until I was sitting. She lifted my blouse up over my shoulders, and then slid her hands down my back to my bra. Unsnapping it, she pulled it off and examined my breasts, taking one into her hands. She rolled one of my hard nipples between her fingers. I bit my lower lip, closing my eyes, drinking in the sensation. I gasped as her mouth enclosed around the same nipple, her tongue swirling around, her teeth scraping, tugging until a moan escaped from my mouth. She nibbled her way across my chest to the other breast. My head dropped back and I moaned again, my nails digging into her shoulders. She pushed me down onto the bed and unbuckled my belt. My eyes opened and I watched her pull down my zipper and strip off my pants.
